

Alternative Gift Fair Opportunity!

Your congregation will experience the joy of purchasing handmade items for those they love while supporting an exciting ministry. These handcrafts are made by villagers in Uganda who receive a good wage and work for ACT Uganda (Agape Community Transformation). Endorsed as a mission project by the Lake Huron Presbytery organization, ACT is a partnership of churches in Michigan who come together and support the efforts to transform the community in Uganda and in the process be transformed ourselves as we experience the Ugandans' love and hope in God. The churches involved are Presbyterian, Episcopal, Methodist and Catholic. We work side by side to make this happen. After paying our workers a good wage, the revenue we raise from the sale of these products help support our other ACT programs such as our Muko H.O.P.E. (Helping Orphans Prosper and Endure) program of orphan sponsorship.

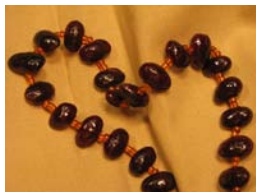

ACT volunteers will come in and set up a beautiful display of items for sale on a Sunday morning for your congregation. You will delight in seeing the products and in supporting this important mission by buying Christmas gifts for those you love!

Beautiful baskets!

Beautiful hand sewn items from African fabric:

Fashionable beaded jewelry made from magazine paper:
